

Pediatrician for primary pediatric care

We are independent associations from Austria, Swiss and Liechtenstein interested in developing the healthcare system in and around Helem, Assam / India. Our local partner is Mr. Yasobanta Mahanta, born in Helem. Together we are looking for the position of a pediatrician for our Mother And Child Care Center - Project

Requiements:

- Completed specialist training
- At least 2 years of professional experience

Offered:

- State of the art pediatrician's practice including patient software, independent power supply
- Laboratory equipment WBC, RBC and CRP
- Urinary diagnostics
- ECG
- Lung function (with appropriate qualifications)
- Ultrasound (with appropriate qualifications)
- Emergency equipment
- Liaison with the Dornbirn Children's Medical Center – KAEZ Dornbirn (www.kaez-dornbirn.at)
- Intended professional mutual exchange and stays between Helem and Dornbirn (Austria)
- Customary salary
- Accommodation and meals negotiable

Expected:

Work independently (no legal responsibility assumed by Helemhealth)

- Willingness to support development of information materials for parents on health topics, prevention and healthcare
- Interest in emergency neonatal care for future maternity ward

Note: the overall project MotherAndChildCareCenter (MAC3) primarily is a social project with the target group of poor families.

If you feel addressed and would like to be part of an innovative team, you will find the application documents [HERE](#).

Opportunity for further information and personal application interview between January 4th, 2024 and January 8th, 2024 with Dr. Harald Geiger directly in Helem

For HELEMHEALTH Austria Association
Harald Geiger, MD, Pediatrics, MPH
